

BASA General Election 2012-2013

Andrew Kussy
andrewkussy@gmail.com

Candidate for: President

My name is Andrew Kussy, and I am in my third year of study here at the U of W, pursuing a double major in Business Administration (Marketing), as well as Communications. I have enjoyed the experience that I have gained this year on BASA as an Associate Officer of Corporate Relations, and am excited to submit my nomination to be your 2012-2013 BASA President.

I look forward to being able to make some big changes during the next school year, with a strong focus on both our students and our downtown community. I want to work to make BASA more accessible for students, as well as more responsive to student wants and needs. I would also like to increase BASA's involvement and presence as a member of the Downtown Winnipeg community through increased CSR initiatives. Finally, I am excited about the possibility of bringing Western Canada's biggest case competition, JDC West, to the University of Winnipeg for the first time, and getting U of W students involved in this amazing experience. Those are some of my ideas, and I would be happy to discuss them further – but more importantly I would like to hear some of yours.
